

Motion to change the use of the term “Spanish Speaker” after the name of a speaker in the
SETA Convention Agenda Program

From: Jose B., Oficina Intergruppal Hispana Liaison

To: SETA Area Assembly

Background information:

Historically, in the SETA Convention Agenda program, the use of the description “Spanish Speaker” after the speaker’s name has caused a lack of inclusivity and poor attendance. The Spanish Community in Southeast Texas Area 67 wishes to strengthen our Unity and not cause division within our Area.

Motion:

This motion requests to remove the current use of “Spanish Speaker” in the SETA Convention Agenda Program. We move to replace this with the district that hosts the speaker. Such as, “Hosted by District 63”.
